Re: Smoke Free Housing Resources

Notice: RED-16-13

IHCDA is encouraging its partners to consider the adoption of smoke free housing policies. IHCDA has engaged in conversations with the American Lung Association of Indiana to identify resources available for interested partners.

In addition, Smoke Free Housing Indiana (a collaboration between the American Lung Association of Indiana and the Indiana State Department of Health) is gathering information from property owners and managers to assess their thoughts and concerns on implementing smoke free housing. If you would like to help Smoke Free Housing Indiana with this information gathering effort, please take a moment to complete their online [survey](#).

To learn more about smoke free housing and access sample policies and tools, please visit <http://insmokefreehousing.com> or contact Cathy Blume at cathy.blume@lung.org.
